THE DAILY EPITAPH IS

the only Daily Newspaper published in Cochise county that takes a regular telegraphic press report and does not use "boiler plate."

THAT excellent newspaper, the Phoenix Gazette, announces a number of improvements, which, if carried out, will make it the leading Democratic paper of the Territory. The DAILY EPITAPH wishes it success.

JOHN L. SULLIVAN has finally come to the conclusion to quit dodging the officers of Mississippi and is going to that State and stand trial. The chances are that his punishment will be very light.

It is claimed by some parties that if the government should determine to rule out the Mexican ores it will be for the purpose of trying to more firmly attach to the Republican party the silver producing States. It is sincerely to be hoped that the Republican party will rise superior to such politics.

A MAN living in Florence makes a plea for more Democratic newspapers. Probably if the Democrats would give a more generous support to newspapers there would not be any necessity for this plaint. In advance, we tender our sympathy to the man who intends publishing a Democratic paper in Florence.

SOME say it is the tail of a comet, others that it portends earthquakes, some say extensive forest fires in Mexico, but, no matter what the cause, the air of this section is charged with some foreign substance that gives the appearance of fog. It may portend the letting go of the Dem. holdovers, although it is hardly probable, as they cling to the official teat like hungry calves.

SOME of the newspapers are very much exercised over the location of the insane asylum, saying that it should be located at some other point on account of the very warm summer weather in the Salt River valley. If it is a fact that the patients suffer on this account the asylum should be removed to some more elevated location. As Cochise has not received any sort of recognition, either from the Territory or general government, she ought to put in a claim for this public institution. There could not be any more salubrious spot chosen than the foot hills of the Huachuca.

Our fruit growers should not neglect to make an exhibit of their products at the Territorial fair in Phoenix next October. From what we have seen of Cochise county fruit and been told about Maricopa fruit, there is no question but what Cochise would carry off the prize, and besides it would give people a new idea as to the resources of our county. Large numbers of people have the idea that all Cochise county is fit for is for mining and cattle raising, when the fact is that within our borders the very best quality of fruit can be grown, and without the expense or trouble of irrigation.

BRILLIANT

Reception of the Emperor of Germany.

AN ITALIAN LABOR RIOT.

Turkey and Servia Getting Ready—Diamond Robbery—Mrs. Harrison Secures a Pardon.

SPECIAL TO THE DAILY EPITAPH.

Will Probably be Knocked Out.

PITTSBURG, Aug. 2.—John L. Sullivan passed through the city this afternoon in charge of a deputy sheriff, en route to Mississippi.

Turkey Getting Excited.

CONSTANTINOPLE, Aug. 2.—Eighty thousand Turkish reserves have been called out by the Porte, and work is proceeding at the dock yards with feverish activity.

Put Him in a Glass Case.

WASHINGTON, Aug. 2.—Assistant Secretary Tichenor, of the Treasury Department, was taken suddenly ill in his office this morning and had to be removed to his home. Cause, overwork.

Trotter Gone Lame.

RACINE, Aug. 2.—Jay-Eye-See, the phenomenal little gelding owned by J. I. Case, has gone lame and will not be trotted again this season. It is feared he will never again appear on the track.

Slick Diamond Robbery.

KANSAS CITY, Aug. 2.—A robber entered Adam's jewelry store this afternoon and asked to be shown some diamonds. When they were produced he grabbed \$15,000 worth from the tray, jumped into a hack and rapidly drove away.

Washington News.

WASHINGTON, Aug. 2.—Y. C. Miller has been appointed postmaster at Lakeside, California.

Superintendent Porter, of the Census Bureau, to-day appointed Henry Carroll, D. D., editor of the New York Independent, special agent to collect church statistics.

Servia Uneasy.

BELGRADE, Aug. 2.—The Minister of War has ordered all the military of Servia to muster on Monday. The ostensible reason for this order is that the Bulgarian troops have been ordered to mass on the frontier, and Servia desires to be prepared for any emergency.

The Emperor's Reception.

LONDON, Aug. 2.—A brilliant sunrise and cool breeze prevailed at Portsmouth this morning, and the preparations for the reception of Emperor William, of Germany, were completed early. The lawn is handsomely decorated and the people are in holiday attire. An enormous flotilla of war ships and private vessels covered the harbor, and the shore and streets are densely crowded with people. When the German Imperial yacht was sighted the Prince of Wales, on board the royal yacht, started down the harbor to meet him. Salutes boomed from the forts and war ships. The Prince of Wales' yacht and the Emperor's yacht passed through the line of ironclads and proceeded to Cowes. All the war vessels were trimmed with bunting and their yards were manned by seamen. When the Emperor and Prince of Wales landed they were driven to Osborne, where the Emperor was received by the Queen.

Another Dam Disaster Threatened.

PLAINFIELD, N. J., Aug. 2.—Continuous rains have filled the space at the back of the dam above this place, and there is imminent danger that it will give way, in which case the city would be flooded. Men are at work trying to strengthen it, but with little prospect of success. Horsemen have been on guard all night ready to fly down the valley and spread the alarm.

LATER.—The workmen have finally succeeded in opening the flood gates and the water is being rapidly drawn off. All danger is past.

Italian Riots.

PITTSBURG, Aug. 2.—Five hundred Italians employed by the Pittsburg, Lake Erie and Western railway, near Beaver, struck yesterday for an increase of wages. Late last night a telephone message from Beaver was received stating that a riot had occurred, during which Antonio Costinello was killed and two others fatally wounded; another was shot in the leg and others badly beaten. After the fight nearly all the strikers went up the railroad for the purpose of obstructing the railroad and preventing trains from running.

Prisoners Had Better Write Campaign Songs.

SAN FRANCISCO, Aug. 2.—The Evening Post says John Elliott, who was serving a sentence at San Quentin, was recently pardoned by Governor Waterman at the solicitation of Mrs. Harrison. The man was serving seven years' sentence for forgery. Last fall he composed a Harrison campaign song, which appeared in public print, and lately fell into Mrs. Harrison's hands. She interested herself in his behalf, and looking up the convict's previous record communicated with Governor Waterman with the result that was he pardoned.

A Thieving Teller.

WHEELING, W. Va., Aug. 2.—Harry S. Erlhold, teller of the bank of Wheeling, who with George Henning, another employe, were arrested last night charged with embezzlement of funds of the bank, made a full confession this morning. He exonerated Henning and said he stole the money last May. The package contained \$26,500 cash. He deposited \$12,000 in various banks to the joint credit of himself and Henning, stating they won it in a lottery. About \$14,000 has been recovered and property to about a like amount has been attached, so the bank is amply protected.
